**Subject:** RE: Rigas access to accounting staff

I object to Rob Cavileri, and I would like a postal inspector present during the meeting.

Subject: Rigas access to accounting staff

Chris:

Attached is a letter that we received from Larry McMichael. Pursuant to the stipulation that we have in place with the Rigases, they are entitled to request access to members of Adelphia's accounting staff to discuss tax and accounting issues concerning the Managed Entities. As you will note, the Rigases have requested a conference call be set up with four specific individuals in Adelphia's accounting department as well as someone from PWC. Please let me know if you have any objections to accountants for the Rigases speaking with the individuals listed in McMichael's letter. Thanks.

Regards,  
Bill
